Moves for Seniors Announces Nationwide Move Partnership with Eclipse Senior Living

Emerging Senior Housing Leader Latest to Offer Innovative Downsizing Services

Wayne, PA, October 23, 2018 – Moves for Seniors, the nationwide leader in senior moving services, announced today that it has entered into an agreement with Eclipse Senior Living to service their national portfolio of more than 100 senior living communities throughout the United States. The agreement offers extensive internal logistic services for Eclipse, together with a full range of comprehensive senior downsizing and moving services for the residents of Eclipse properties.

The senior housing industry is experiencing tremendous growth and rapid transformation as the baby boomers and their parents look to experience a better, simpler lifestyle. Moves for Seniors helps the senior housing industry reach optimal occupancy by breaking down the barriers to leave their home and revolutionizing the way seniors and their families downsize and move into their communities. The daunting task of transitioning from one living environment to another after years of accumulating possessions is made much easier. Seniors and their family members have a dedicated, knowledgeable advocate by their side to help navigate the complexities of today's seniors on the move.

“We are thrilled to welcome Eclipse Senior Living as a new nationwide partner and we look forward to helping them reach their operating goals” said Robert J. Burg, Executive Vice President of Moves for Seniors. “This new long-term agreement will enable Eclipse to offer its prospective residents a consistent concierge style, one-stop shop experience across its portfolio. There is also the added advantage of helping its internal staff manage the logistics needs of its operations to improve staff safety and help lower injury risk costs and lost work days.”

“We are very excited about our partnership with the Moves for Seniors team and look forward to offering their turn key service in both our Elmcroft and Embark communities” said Melissa Owens, Vice President of Marketing. “Their team has made the onboarding process very easy for our community operations and sales teams and we believe their service will be of great value to our prospective residents and their families.”
